Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunk enness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of

No Person can take these Bitters accord ing to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Billous Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a

prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bil-ious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Indamnation of the Lives and Viscoral Organs and nmation of the Liver and Visceral Organs and ious Diseases. For Skin Diseases, Eruptions, Tetter, Salt-

Rheum, Blotches, Spots, Pimples, Pustules, Bolls, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and shorting in the yeins; cleanse find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system

Grateful Thousands proclaim VINEGAR BIT-ERS the most wonderful Invigorant that ever susained the sinking system.

Pin, Tape, and other Worms, lurking in

Pin, Tape, and other worms, litking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy clements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelminities, will free the system from worms like these Bitters. ree the system from worms like these Bitters. Micchanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VIN-GAR BITTERS twice a week.
Bilious, Remittent, and Intermittent

Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our cutire country during the Summer and Autumn. others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walk-Er's Vinegar Bitters, as they will speedly remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring he secretions of the liver, and generally restoring he healthy functions of the digestive organs. the healthy functions of the digestive organs.

Inflammations, Indolent Inflammations, Mercurial
Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these as in all other constitu-lonal Diseases, Walker's Vinegar Bitters have

hown their great curative powers in the most betinate and intractable cases. Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner.

By purifying the Blood they remove the cause, and
by resolving away the effects of the inflammation
(the tubercular deposits) the affected parts receive alth, and a permanent cure is effected.

Bealth, and a permanent cure is effected.

The properties of Dr. Walker's Vinegar Bitters are Apericut, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.
The Apericut and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best counterment of the safe-guard in cases of eruptions and malignant levers. Their balsamic, healing, and soothing pro-parties protect the humors of the fauces. Their citative properties allay pain in the nervous sys-

tem, stomach, and bowels, from inflammation, wind, colic, cramps, etc.

Their Counter-Erritant influence extends throughout the system. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus fore-armed. Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wineglassful. Eat good noarishing food, such as beefsteak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit. contain no spirit. R. H. McDONALD & CO.,
